NANDLAL WADHWA

MAYOR

KARNAVATI (AHMEDABAD) MUNICIPAL CORPORATION

Dt. 6th Jan. 1997

To,
Shri K. Subbarayudu,
Secretary Ahmedabad Andhra Maha Sabha,
H/9, 189, Nidhi Appartments,
AHMEDABAD - 380 063.

I am pleased to know that Ahmedabad Andhra Maha Sabha, a cultural Organization of Telugu-Speaking people is celebrating its Golden Jublee during 25th and 26th January 1997 at Narottam Zaveri Hall, Paldi, Ahmedabad.

Established in 1946, the Ahmedabad Andhra Maha Sabha has organised a number of cultural programmes and has mixed with the Gujarati cultural heritage. Lastly in 1994, the Andhra Maha Sabha had an occasion to organise Tirupati Shri Venkateswar Vaibhavam a religious function which provided an opportunity to all local devotees to have "DARSHAN" of Lord Venkateswar here in Ahmedabad. It was really a good function.

On this occassion, I convey my good wishes to the Andhra Maha Sabha and wish the Golden Jublee celebration all sucess.

Thanking you,

Yours faithfully,

Nandlal Wadhwa
Mayor

PRESIDENT'S MESSAGE

MESSAGE

The people of Andhrapradesh residing in Gujarat, are carrying out very good social, religious and cultural programmes.

The year 1997 is celebrated as Golden Jubilee year. In this connection Venkateshwar Vaibhavam is celebrated.

Gujarat is a religious place and in this holy place the famous lord of India Lord Venkateshwar (Balaji) celebration is carried out. I congratulate and wish great success to the programme.

[Dattaji Chirandas]

(BANGARU LAKSHMAN)

(Bangaru Lakshman)

PRESIDENT'S MESSAGE

The year passed by was full of tension and sorrow besides, economic slow down all around. The devastation caused to the human life and agricultural wealth in coastal districts of Andhra Pradesh was unprecedented.

Against the backdrop of such, scenario, we have celebrated "New Year 1997" with hope and anxiety. During the current year it is projected that agricultural sector will record 9% growth which would in turn accelerate industrial activity. The capital markets will become vibrant, providing necessary capital inputs for revival of economy.

I have been singularly lucky in serving this cultural organisation, during the past two years. I wish to sincerely thank all the members of the Society for their wholehearted co-operation extended to me in the discharge of my functions. Consequent to my transfer to Mumbai, I laid down my office as President. Nevertheless, I shall always deem it a privilege to be of service to this august body.

I pray almighty Lord Venkateswara, to bless us all with wisdom, courage and conviction to serve the humanity to the best of our abilities.

[P. SUBBARAO]

స్వర్ణోత్సవములు - స్వర్ణస్వప్నములు

(GOLDEN JUBILEE - GOLDEN DREAMS)

Ahmedabad, the Manchester of India is confluence of various cultures. This city is having a number of non-Gujaratis living since years together. Telugu people have migrated years back to this place and now occupy prominent positions in various trades and professions, contributing a lot to the development of culture and economy of Gujarat State.

The Andhriles who migrated to this place were in search of a platform for keeping up their culture and spreading the same among others here. The idea shaped into formation of Ahmedabad Andhra Sangham in late 1945 and beginning of 1946, lead by a group of enthusiasts. This Sangham evoked much response from Telugu people and finally took shape into the Ahmedabad Andhra Mahasabha (AAMS) in late 1960.

The Mahasabha has grown through the years with the earnest efforts of the members and new members joining the sabha year-to-year. As a result of their efforts today we are celebrating our Golden Jubilee Celebrations. The association was organising all traditional functions of Andhra apart from picnics, music programmes, children's events etc. The participation in the programmes from all walks and agents was overwhelming. In addition to cultural functions, religious functions were also organised. In 1994 Shri Venkateswara Vaibhavam/Kalyanam was conducted here by inviting the priests from Tirumala. The function evoked much response from non Andhriles also. Looking at the response, encouragement, it is planned to conduct this programme at least every alternative year. These functions were funded by devotees supplemented by contributions from members of AAMS.

During the last few years efforts were made to have a permanent office to AAMS, since the activities were conducted at the secretaries house or any cultural auditorium. In this direction an office accommodation was purchased in Nidhi apartments where the present office is situated.

Apart from cultural activities now time has come to expand our activities. There is a need to start a school of our own having Telugu as additional optional language to educate our children in English along with our mother tongue. We have searched many areas for purchase of land in and around Ahmedabad for construction of our school building. But unfortunately, the available lands are not having clear title/ N.A./NOC.

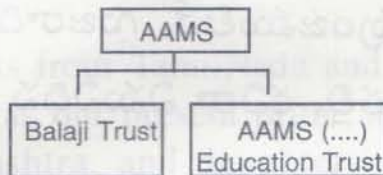

All these years we were pursuing with the Government of Gujarat to have a piece of land to have a school and a Temple/prayer hall. Till now nothing materialized. Even today the whole issue stood where it was in the beginning.

With the experience it is found that we may have to change the strategy to get our things done. We should give a second look to this issue now. Both the projects should be bifurcated so that we achieve our goals. An educational society under agies of AAMS need to be formed and registered with the Government as AAMS Educational Trust. Our wish is that a small school with atleast KG classes need to be started latest by 1998 academic year. Then we can approach the Government for land for the school which will be easier to get, as some provisions do exist for the above in Government.

The TTD has shown interest for kalyanamandapam / prayer hall in Ahmedabad, if land is provided by the State Government. Now our aim should be to pursue with the State Government to get land for TTD. For looking after the procurement of land, coordination with TTD etc., it is necessary to have a separate committee in the name of Balaji itself. At present, AAMS executive body can identify a group of persons or a part of executive body form an organising committee to complete the assigned jobs.

Accounts for both the trusts can be separately audited.

After re-organizing the AAMS shall have two trusts as follows :

Friends ! let us work together in a focussed manner to achieve our goal as above and rededicate on this occasion of golden jubilee to work hard for the cause of AAMS. If all of us work together, we can have our own educational institute and Balaji Temple while celebrating the Platinum Jubilee.

I convey my regards to all the members/Executive Members/Mahila Mandali Members of AAMS for their cooperation and whole hearted support for smooth running of the organization. I also convey my thanks for the support given by all the donors and sponsors, and well-wishers who contributed their might to organize the Sri Venkateswara Vaibhavam - 1997 an Golden Jubilee Celebrations.

INDIAN

..... *Sindhu V. Rao.*

I face an **identity crisis**. Don't get a wrong idea. It is not women's lib. or something like that. I have no qualms in being called Mrs. so and so or so and so's mother. It is the question I am often asked when I make a new acquaintance.

When two strangers meet the question asked naturally after the ice is broken is "**Where do you hail from ?**" It is this innocent query which is the cause of my identity crisis. confusing isn't ?

You see, my father is from TamilNadu and my mother hails from the same state as our present prime minister. I am the daughter of Maharashtra, and daughter-in-law of Andhra pradesh. Thanks to my husband's Job, Gujrat is our karmabhoomi. Naturally we speak the local language of these states, though mother tongue is Kannada.

So when someone asks me where I hail from it leaves me tongue tied for a split second ! I have now found a solution to this baffling problem. Charity begins at home and so does **National integration !**. Henceforth when some one asks me my origin, I will simply say I am an **Indian**. **Wow !** What an easy way to imbibe the spirit of **National Integration !**.

I hope my son's job take him to Bengal and his wife hails from Kashmir whose parents are from Uttar Pradesh and Rajasthan ! This will further strengthen our National Unity !.

A COLOURFUL DAY

One fine morning
in the pink of health,
my friends and I
went to paint the town red.

When the azure blue sky
turned a crimson red,
we turned homewards
in the inky darkness.

My cousin who was green with envy,
had spilled the beans to my father.
My father's face black with
fury made us turn white with fear.

He beat us black and blue and
we decide never again to have
such a colourful day !

Sindu V. Rao.

HOW TO GET BEST OUT OF YOUR CHILD

Every child is born with more or less same level of intelligence. The environment they grow up and the atmosphere to which they are exposed make all the difference in the intelligence level of the children and their performance in the studies as well.

Here are some tips to get best out of your child.

1. **ENVIRONMENT :-** Provide a right kind of atmosphere in the home. Encourage and reward your child for her / his good work. Never criticise a child for her / his bad work as criticism will create a negative effect on the child.
2. **GIVE A LITTLE OF YOUR TIME :-** In your busy schedule keep atleast an hour everyday to interact with your child. This time can be effectively used to explain to the child about general things other than studies. This time can also be used to develop reading habits. You can read to your child or have your child read to you. Reading brings great results in their academic and IQ levels. So next time you want to give a gift to a child make it a point to gift at least one book.
3. **REDUCE THE TIME OF TELEVISION VIEWING :-** Too much viewing of television makes a child passive. Instead daily give him/her a limited period of time to watch television.
4. **TAKE YOUR CHILD OUT :-** Interaction with outside world other than home teaches many things and thus help the child to aware of its surroundings and the ways of behaving and dealing different situations. This also helps the child to become more confident.
5. **HELP YOUR CHILD :-** Never do your child's work how small or big it may be. You just help by giving guidance. Once in a while for some reason you do the work next time the child finds some thing or the other excuse to get her / his work done.
6. **GIVE TIME FOR PLAY AND FUN :-** As the saying goes all work and no play make Jack a dull boy. Every day give some time for the child to play because playing not only provides fun but also helps in the physical development. Playing even for ten minutes provides relaxation for the child.
7. **SET STANDARDS :-** Setting standards by your personal example for a child can lead to either way. If the child takes the challenge and works well then it is good or else it may lead to a frustrating experience for both child and parents. So, think twice before setting standards at the same time do not forget to take into account the capabilities of the child.

... M, ANURADHA

CONCLUSION :- One must pay enough attention to one's children, imbibe good things right from their childhood to make them responsible citizens of this great country.
